

## Whiskey Johnny

#59

Oh, whiskey is the life of man  
Whiskey—Johnny.

Oh, I'll get whiskey where I can  
Whiskey for me Johnny.

Oh, whiskey here and whiskey there,  
Whiskey—Johnny.

Oh, I'll get whiskey everywhere  
Whiskey for me Johnny.

Whiskey made me pawn my clothes  
And whiskey gave me this red nose.

I'll drink it hot, I'll drink it cold,  
I'll drink it new, I'll drink it old.

Oh, whiskey killed my poor old dad  
And whiskey drove my mother mad.

Some like whiskey, some like beer  
I wish I had a barrel here.

Whiskey killed my sister Sue  
And whiskey killed by brother too

Oh, whiskey up and whisky down  
Oh, whiskey all around the town

Oh, Champagne's good and rum is free  
But whiskey's good enough for me
